

Live Homework Help:

This year, the Tutor.com Client Services Team has worked diligently to enhance our marketing tools for our Live Homework Help clients, added a “Getting Started Guide” and “Promotional and Outreach Calendar” and improved the look and the navigation of the website. The Client Resource Center is as an exclusive resource for our Tutor.com clients and to ensure that only clients are accessing this valuable resource we will begin password protecting this site.

Your unique password to the **Client Resource Center** is **BBOO6604**. This password can be shared freely among your staff.

We invite you to take a tour of our revamped Client Resource Center if you have not recently done so. On it you will find best practices, templates and tools for you to promote Live Homework Help within your library and to your community.

If you have questions, please do not hesitate to email us at 1hwsupport@tutor.com.

Warm regards,

Your Tutor.com Client Services Team
