

“Meet the Mark and get a Healthy Start.”

WIBO Health Fair

We are targeting the youth of our schools and communities from ages 7-19 years old. We want to give them the information and ability to make better choices about their eating, drinking and workout habits.

We are going to have local celebrities, wellness coaches, concerned doctors and nurses in the health field and vendors who can direct you to clinics to help you on your road to better living. We anticipate more than 1000 people to come out and get involved. We hope to see you come out and join with us to benefit our children and loved ones. There will be some fun to be had as well. There will be a face painter, refreshment vendors, competitive games, a joy jumper, and balloons for the young at heart.
