BRIDGEPORT REGIONAL AQUACULTURE SCHOOL STUDENTS SHOWCASE GREEN MACHINES

Name of Event: Aquaculture School Green Technology Exposition

Date of Event: Monday, January 25, 2010

Time of Event: 8:00 a.m. – 10:15 a.m. & 12:00 p.m. – 1:30 p.m.

Location: The Bridgeport Regional Aquaculture Science & Technology Education Center

60 St. Stephens Road
Bridgeport

The Bridgeport Regional Aquaculture Science & Technology Education Center will be holding its first annual “Aquaculture School Green Technology Exposition.” Students at the school have been developing and constructing greener, more efficient designs and prototypes for marine environment application.

Students will be on hand to present and explain their projects to the public. Among the prototypes are an electric boat, a biofuel made from used cooking oil, a prototype of a marine charging station for electric boats, and solar panels for recharging batteries.

The mission of the Bridgeport Public Schools and its supporting community is to graduate all students “college ready” and prepared to succeed in life. For more information about Bridgeport Public Schools visit our website at www.bridgeportedu.com.
