

BUSINESS, SCHOOL AND COMMUNITY PARTNERSHIPS

These partnerships:

- Provide Mentors
- Provide Math and Reading Tutors
- Provide Reading Enrichment/Book Buddies
- Provide students with a window to the world of work through career speakers, job shadowing and workplace experiences
- Develop on-site programs that utilize the business' area of expertise for authentic learning opportunities
- Donate equipment, furniture and materials
- Provide awards, grants and scholarships
- Develop skills for future employees
- Share opportunities for critical management training with principals, administrators and staff
- Promote teamwork skills among involved employees
- Promote higher employee morale and feelings of self-worth
- Create a positive public image for the organization

The mission of the Business, School and Community Partnership program is to create sustained relationships between schools and their partners based upon shared understandings of values and culture to support mutual needs.

Partnerships benefit businesses, schools and community organizations in the areas of student achievement, human capital development, community development and financial impact.

The primary goal is to create an avenue through which partners can impact quality education initiatives while at the same time enriching the lives of their employees.

IMPACT QUALITY EDUCATION FOR BRIDGEPORT STUDENTS
